

# Mortgage Workflow & Document Management

## MORTGAGE DOCUMENT CHALLENGES

Mortgage originators and servicers have never before faced as much regulatory scrutiny, and competition is once again intensifying to pre-housing bubble levels.

We offer workflow and compliance solutions to ensure the accuracy and to increase your quality of service.

## MORTGAGE WORKFLOW & COMPLIANCE

Benefits of our mortgage workflow and compliance solutions include:

- Increasing mortgage origination and auditing productivity by 65%
- Cutting quality control costs by 55%
- Decreasing time to fulfill customer or CFPB servicing file audit requests by 70%
- Creating competitive advantages in mortgage turnaround time and customer service

## ACHIEVE THE NEXT LEVEL

Contact us to learn how some combination of the following will streamline your loan origination and servicing process:

- Virtual mailroom outsourcing
- Document scanning services
- Document capture software
- Workflow automation software
- Document management software/cloud
- Pre-fund mortgage audits
- Post-close mortgage audits
- Call center outsourcing
